

Health and Safety Policy

Policy Statement

K2 Supplies recognises its responsibilities under the Health and Safety at Work Act 1974, for ensuring so far as it is reasonably practicable, the health, safety and welfare of its employees.

The company attaches the greatest importance to health and safety, considering this to be a management responsibility ranking equally with other management functions within the organization.

It is the policy of K2 Supplies to take all reasonably practicable precautions for the prevention of accidents and dangerous occurrences and for the creation of working conditions which safeguard employees. To this end, the company will allocate the necessary resources and enlist the active support of all employees, upon whom duties are also imposed by the Health and Safety at Work Act 1974.

The company regards the standards set by the various relevant statutory provisions as the minimum standard that must be achieved and will endeavour to improve upon these standards where reasonably practicable.

This policy and the organisation, arrangements and safety rules that form part of it will be reviewed regularly and modified and updated as necessary.

Objectives

The objectives of the above policy are:

1. To promote standards of health, safety and welfare within the company and to ensure compliance with all statutory provisions.
2. To create and maintain safe and healthy places of work for all employees and to ensure that the safety and health of persons other than our employees are not adversely affected by our work activity.
3. To ensure that staff at all levels are provided with adequate instruction, training and supervision.
4. To develop safety awareness and responsible attitudes at all levels.
5. To promote a joint consultation approach on health and safety matters.
